

**AIDS AND CANCER SPECIMEN RESOURCE  
LETTER OF INTENT**

**V. Agreement of Use and Acknowledgement:**

The recipient/investigator hereby agrees that the biospecimens provided by the U.S. NCI-funded AIDS and Cancer Specimen Resource (ACSR) will be used only for the purposes specified in this Letter of Intent (LOI). The recipient agrees to not transfer biospecimens (or a portion thereof) supplied by the ACSR to third parties, without **prior** written permission of the ACSR. The investigator further agrees to complete and submit a new application to the ACSR if further biospecimens are needed. The recipient agrees to submit a progress report to the ACSR upon request approximately one year after receipt of samples and/or data including results and publications, to make the study results available to the scientific/research community, and to acknowledge the ACSR in all abstracts, publications, presentations, grants, and patents resulting from the use of these biospecimens. Investigators are encouraged to use the recommended wording when acknowledging the ACSR: **Specimens were provided by the AIDS and Cancer Specimen Resource (ACSR), funded by the U.S. National Cancer Institute.**
